PER IL PERIODO DAL 1.11.2010 AL 31.10.2011**

According to Resolution RES-2/90-IV/04 which the International Olive Council (IOC) adopted on 18 June 2004, IOC recognition is awarded, subject to annual review, to laboratories which are approved by the competent authority of their country as a laboratory responsible for the official control of virgin olive oils by sensory analysis, and which fulfil the following conditions:

- An application for recognition, transmitted by the competent authority that approved the laboratory for the sensory testing of virgin olive oils, has to be submitted to the IOC Executive Secretariat.
- The application for recognition has to be accompanied by proof that the laboratory holds accreditation for the sensory analysis of virgin olive oils according to the method adopted by the Council.
- The application also has to be accompanied by full details on the characteristics of the sensory testing laboratory: installations, equipment, activities, staff, position, experience and activity of the panel leader, membership of the panel of tasters, and average monthly number of tastings of virgin olive oils.
- The laboratory has to obtain a satisfactory evaluation in the periodic tests organised by the IOC to check the competence of panels undertaking the tasting of virgin olive oils.

During its autumn session the IOC endorses the list of olive oil taste panels that are awarded recognition for the period running from 1 November to 31 October.
